Hull Material: Fiberglass

Hull Configuration: Modified V-Hull

Engine Information

Engines: 1

Manufacturer: Volvo Penta

Model: D6-435

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Walkthrough

Boarding RIGHT ON TIME from the generous swim platform you'll find the transom boarding door to starboard. As you enter the spacious cockpit, you'll find convertible bench seating arrangements to aft, starboard, and port. The aft seat, built into the transom, can be adjusted to face forward or aft. A removable table can be placed in the cockpit. Enjoy al fresco dining by opening the panel in the cabin bulkhead and reversing the aft dinette seating. A helm station to starboard features a stainless-steel wheel, engine controls, and thruster controls. To port is a ladder to the flybridge. Stainless-steel fishing rod holders mounted on the flybridge deck allow for easy access in the cockpit. As you enter the roomy salon an expanse of opening windows brightens the area. A four-place dinette to starboard can be converted to a double berth. The beautifully finished custom maple pedestal table with integrated beverage holders and grab rail is extremely convenient. A European-style galley counter located to port includes an under-counter fridge, storage drawers, stainless steel sink, and cooktop/oven. The counter can be converted to forward or aft faced seating. Beneath the raised dinette is a private guest cabin with gear storage, reading lamp, two port lights, and a 6' 8" double berth. Moving forward to starboard you'll find a fully instrumented helm station featuring a handsome double-stitched ultra-leather console and double wide helm seat. The master stateroom forward offers an island double berth, large hanging locker and numerous storage compartments, four port lights, and two skylight hatches. The adjacent head includes an electric-flush toilet, sink and vanity, and separate shower enclosure with curved sliding door. The exterior spaces onboard are plentiful. On the foredeck there are two flush hatches that open to reveal a pair of cushioned observation seats, each with a footwell that doubles as storage compartments. The bow platform features a telescoping five-step ladder that extends for easy access to the water. The flybridge features a fully equipped helm station, bimini top, aft seating, and solar panels. With its efficient 435-HP Volvo diesel inboard engine, cruising is effortless and comfortable. The bow and stern thrusters ensure precise maneuvering and easy docking. A variety of innovations and 10-foot beam with extra headroom allows for plenty of convenient living spaces onboard. This fast, efficient family cruiser is ready for its next owner.

Cockpit

- Helm station to starboard
- Sunshade
- Rocket launcher rod holder
- Fresh and raw water washdown hoses
