## Обзор

"RUFF SEAS" is the BEST Outer Reef ever produced by the factory. Her owner has owned 40+ yachts and built many of them. This is his 4th Outer Reef build, so every attention to detail has been met and exceeded. She's "One of those boats" that you come off and are truly impressed with. She's absolutely like new and is kept at megayacht standards.

Factoring a new build (time and higher material cost), she's a very reasonable value. Be sure to see the full specs as well as the detailed Video Walkthrough.
