SPECIFICATIONS

Basic Information

Category: Cruising Sailboat

Model Year: 1987

Year Built: 1987

Country: United States

Dimensions

LOA: 44' 8" (13.61m)

LWL: 35' 6" (10.82m)

Beam: 13' 2" (4.01m)

Max Draft: 5' 6" (1.68m)

Speed, Capacities and Weight

Cruise Speed Range: 7

Displacement: 26000 Pounds

Water Capacity: 60 Gallons

Holding Tank: 30 Gallons

Fuel Capacity: 78 Gallons

Accommodations

Total Cabins: 2

Total Berths: 4

Total Heads: 2

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 1

Manufacturer: Yanmar

Model: 4JH4E

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Description

A Bright Spot in the Market! If you've been looking for a well equipped, capable cruiser, that is ready to sail, grab your flip flops 'cause Gallivant just may be the boat you're seeking. If the equipment list doesn't grab you, maybe the traditional yet very comfortable layout with an island queen berth in the aft stateroom will.

- Repowered with Yanmar 54hp in 2008 1,255hrs.
- Completely Rewired, New A/C and D/C Panels, New Electronics 2013
- Completely Re-Plumbed with PEC and Shark Bite Fittings 2018
- Spectra Newport 14gal per hour Watermaker (working today)
- 800AH AGM House Batteries 2019
- 470 Watt Solar on Aluminum Arch
- 2010 10' Avon RIB, 15hp Yamaha ('07) 3.3hp Mercury outboard ('21)
- 2 Scuba Tanks with 50' Hookah Rig
- New Honda EU200 Portable Generator 2021 (option)
- Recent Survey Available

After sailing much of the way around the world on previous boats, and this one, the current owners are considering a change, making Gallivant available for your adventures. She is well found, well thought out, and needs very little to be ready for life off the grid anywhere you choose to go. You can be confident that Gallivant will live up to your expectations during a survey, leaving you more confident to slip the lines, raise the sails and start living an adventurous life.

- Jabsco Pressure Pump with Spare
- Isotemp 9gal Water Heater 2018
- Water Filtration, Seagull Virus Level Filter System in Galley
- All New Faucets 2018
- Deck and Anchor Washdown

A Note from the Owners Gallivant, a Hirsch Gulfstar 45': Comfort and 1,000-mile range even if it's not windy. It all started because of a kitty. Don and Maryann, the former owners of s/v Gallivant—a 1987 Gulfstar 45 also owned a Bengal kitten called Kai. They needed a kitty-sitter aboard their

boat (s/v Straight from the Heart) and I signed up for the job. We bonded over Kai and remained in touch. Their name for the boat was appropriate—Maryann hired Don for crew, and he never left. They spent 15 years and over time \$250K making Straight from the Heart* their ideal cruising and live-aboard home. While they only cruised Heart through the Caribbean and up and down the east coast, Gulfstars have proven themselves worthy of circumnavigation (in No More Mondays, a Gulfstar 50 survived some crazy conditions). In 2013 a lightning bolt strike very near Heart prompted Don and Maryann to replace their entire electrical and plumbing system and all electronics). Don and Maryann knew we were once again shopping for sailboat when they decided they wanted to purchase a trawler. Ironically, we just sold our trawler on the West Coast because it made more sense to buy a boat on the east coast than to sail or truck it there. We knew Don and Maryann made extensive and thoughtful upgrades and were diligent about their maintenance. *Don and Maryann wanted to take the Heart name with them to their next boat, so we renamed her Gallivant, though you will see some items aboard Gallivant, such as the AIS still identified as Str8fromthe Heart. We left immediately after buying Gallivant for the Bahamas because we knew the boat was well maintained enough that we could (and we paid for a very thorough inspection before purchase). We intended to do a bottom job along with our inspection haul out, but at the last minute, Green Cove Springs' larger Travel Lift broke, so they were unable to put us on their stands. We planned to do the bottom job on a haul out this summer but decided instead we want to return to a powerboat, this time, something trailer-able for shorter outings on the US East Coast. Gulfstars are performance sailboats originally designed for the charter trade, with two cabins, each with a door that can be closed for privacy as well as a bathroom (head) for each cabin. There's an ample cockpit to enjoy sundowners and meals al fresco, and a well-designed galley with a massive refrigerator and freezer. The built-in storage allows even liveaboards more than enough space for everything, more than enough for long cruise provisioning, tools and spares and there's additional dry sealed storage under every floorboard. Because Gulfstars were built in Florida, they opted for a 64' mast, short enough to make it under Florida's many non-lift bridges. Gallivant is the very last Gulfstar Hirsh 45 built; one of only 30, though Gulfstar made more 44s. Vince Lazarra, Gulfstar's founder, went on to build Lazarra luxury powerboats. Between the main, auxiliary and 3 5-gallon fuel jerry jugs, Gallivant's reliable 2008 54-horse Yanmar motor with only 1255 engine hours, you can travel 1,000 miles even if there's no wind. We've boated since 2009 and are grateful for the many kindnesses we've received from the boating community. Our philosophy is to pay it forward. If you have questions about the boat, cruising or living aboard, or you're more mechanically-oriented, ask away! Wayne is a retired journeyman aircraft mechanic, so if he doesn't know the answer, he can figure it out. Elegance, comfort, and performance . . . Gulfstars and Gallivant will take you where you want to go. Where are you dreaming of?

Exclusions

Owner's personal belongings.
