DETAILED INFORMATION

KEY FEATURES

- n Originally built as a support vessel, PINK SHADOW has excellent seakeeping capabilities thanks to her wave-piercing Sea Axe bow and advanced Quantum zero-speed stabilisers.
- n The heavy-duty crane available on board can lift weights up to 6.7 tons, allowing for all sorts of sea or land faring vehicles to be kept on board, giving a wealth of possibilities for exploration.
- n PINK SHADOW's ample and versatile main deck is what makes this yacht a powerhouse. Not only can it store a variety of vehicles, this deck can also be used to host parties of all sizes, as a massive yoga studio or gym or as a landing pad for helicopters.
- n A shallow draft adds to PINK SHADOW's exploration potential, allowing her to reach the most remote or otherwise inaccessible bays or beaches which are out of bounds for other yachts her size.
- n PINK SHADOW's interior is a great contrast to her functional and robust exterior. Every detail throughout is vibrant and colourful, alluding to the yacht's potential for fun.
- n A walk-in refrigerator and freezer located in the galley on the main deck allows autonomy and independence for extended periods of time.

Exclusions

Owner's personal belongings.
