DETAILED INFORMATION

Description

The SeaPiper 35 is a true couple's go everywhere trawler. A respected yacht designer and naval architect once gave a speech titled "Life Is Too Short For An Ugly Boat". The SeaPiper 35 is pretty to look at, has old-school simple systems that you do not need a degree to operate, and it is a no nonsense vessel that will take travelers anywhere that other yachts will, for a lot less. It is a unique trawler in that the main outside space is amidships, abutted on the forward end by a master stateroom and head/shower, and on the aft end by a pilothouse and galley. It is powered by a an 85 hp. Beta Marine diesel that uses about a gallon an hour at a cruising speed of 7.8 knots The engine hours are low- 18 to be exact. Hannah is essential as a new boat. Extremely well equipped..
