Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Walkthrough

JEANNIETINI is a 2014 Hatteras 80'. She has the popular four stateroom layout plus crew offering sleeping for 9 guests and 4 crew. JEANNIETINI underwent a complete interior decor refit in 2019. She has a stunning high gloss cherry interior wood package throughout. She is lightly used and found in excellent condition. When arriving to JEANNIETINI from the stern one will be greeted by a large swim platform. This is a perfect staging area for water toys, diving, or boarding a tender. From the swim platform, one can go to the aft deck on either side of the transom. Once on the aft deck, one will find a beautiful teak deck. There is a teak table with an inlaid compass rose with seating accommodations for 8 which proves a perfect place for dining. On the aft deck, one will find a pull-out docking helm control system. Going through the curved auto-power four-panel glass doors with polished stainless trim one will enter the large main salon. To starboard, there is a built-in wet bar with granite top, three barrel-style chairs, fridge, and icemaker. There is a large U-shaped settee to port along with an ottoman. Going forward from this area one will find the dining area with a large table for 8 guests. Forward of the dining room to starboard one will pass a well-appointed day head. Continuing forward one will find the stairs to the lower guest accommodations which house four guest rooms: a full-beam master with king berth, ensuite and ample storage and closet space plus three other guest cabins with queen berths, all with ensuite. One guest cabin offers an additional single Pullman berth allowing accommodations for 9 guests. Back up on the main deck, one can go forward from dining to find the spacious galley with a center island with a wine cooler within. The galley has a table forward with settee and 2 additional storage ottomans making seating for 6. Two doors in the galley give the crew easy access to the walk-around decks so as not to disturb guests dining in the main salon. From the galley, one has access to the flybridge deck via a finished interior stairway. Once on the flybridge one will find a complete helm area with three Stidd helm chairs and an array of state-of-the-art electronics. The helm and part of the flybridge are covered by a hardtop. Within the hardtop footprint, one will find a wet bar to port with three stools, a fridge, and an ice maker. To starboard, there is a settee with a table. Further aft to port there is an additional settee with a small cocktail table. Above this area, there is a recessed TV that folds down for viewing. Across and to starboard there is a Jacuzzi that will accommodate 6 guests. On the most aft part of the flybridge deck one will find four loungers. One has access to the crew quarters and engine room through a door on the port side walkway accessible on or from the aft deck or through the stern. This area also gives access to the immaculate engine room. Within the crew area, one will find two crew cabins, one with a double for 2 people (captain's cabin) and a second cabin with an over and under and shared head. There is also laundry found in this area.

Aft Deck

- Varnished Teak compass rose style table
- (4) Chairs
- Molded fiberglass Teak steps to flybridge
- Boarding gates port and starboard
- Curved polished electric stainless-steel door to salon
- Port entrance to crew quarters
