SPECIFICATIONS

Overview

The Jefferson 46 Motor Yacht is considered a lot of boat for the money compared with most domestic motor yachts her size. Heavily built on a solid fiberglass hull and boasting a full teak interior, the conservative styling of the 46 has held up very well over the years. Several two-stateroom floorplans were offered over the course of her production life, all with the galley down, and all with a standard lower helm. A full entertainment center was built into the salon, and the master stateroom is notable for its generous storage and large en suite head compartment. Topside, the afterdeck of the Jefferson 46 is very spacious, and the equally large flybridge is arranged with the helm forward and guest seating aft. A radar arch, bimini top with full enclosure, swim platform and bow pulpit are standard, and wide side decks provide secure access to the foredeck. She holds twin turbo 3208 Cat diesels. "Sea Horse" is a well kept vessel and is ready for her new owner. 46' Jefferson Sundeck Hull
