DETAILED INFORMATION

Description

The design of the Greenline 33 completely redefines user-friendliness of a boat and is changing the way you will spend your leisure time at sea. Conveniently arranged interior, excellent visibility, plenty of natural light and room to move around comfortably - are features that have never been offered on a 10 meter family boat before.

Overview

Manufacturer Provided Description The design of the Greenline 33 completely redefines user-friendliness of a family boat and is changing the way you will spend your leisure time on the water. A conveniently arranged interior, excellent visibility, ample ambient light and space to comfortably and safely move around the boat - all features that have never been offered on a 10 metre boat before. Since the beginning of production in 2009, Greenline 33 became more popular than any other boat of her size with over 300 boats delivered to 28 countries in the first three years. Greenline 33 found over 200 owners throughout the world already in the first eighteen months of production. Boating world honored Greenline 33 with 17 international Boat of the Year, Design and Environmental Awards - and made her arguably the most awarded yacht in history. She is also the world's best seller in the 10 m size for two consecutive years. Construction
