**Engine Type:** I/O

**Fuel Type:** Diesel

---

# DETAILED INFORMATION

---

## Description

---

The flagship of the innovative SX crossover line offers a new way of living on the sea: the barriers on board have been eliminated, and the boat opens to a direct relationship with the marine context. A synthesis between the classic motoryacht with flying bridge and the Explorer model. The focal point of the project is the new stern zone with a spacious beach area which can be expanded thanks to the folding terraces, composed of an internal area directly connected to the outside through large sliding windows that allow the owners to live in these spaces in an unprecedented way.

## Accommodations

---

- Cabin(s) - 5 + crew
- Berths -10 + 5
- Stove - Cooking top in ceramic glass GAGGENAU/MIELE 90cm - diff from 60cm STD
