# DETAILED INFORMATION

---

## Description

---

Hakuna Matata is one of the cleanest Beneteau 373 on the market and a must see before she is sold Well Equipped Extremely Clean Cruise Proven and Ready Massive list of new equipment .

## Overview

---

Walk-Thru This boat is immaculate, inside and out. Hakuna Matata is a two owner boat that has been used regularly, however, the owners have taken such exceptional care that she shows little wear. As you step aboard you will note the wide open side decks if going forward. When stepping into the cockpit you have large seating to port and starboard that flows continuously to form a full width helm seat. A unique feature of this cockpit is the wheel rotates when at the dock to provide easy access. There is also plenty of out side storage with 4 large cockpit lockers. The center of the helm seat can easily be folded down for easy access to the full width swim platform. With the full set of cockpit cushions to complete this area. When entering the cabin you are greeted by a very bright wide open space containing the nav station to the starboard side, the salon forward and the galley to port. The salon has a straight settee on the starboard and "C" shaped settee to port surrounding the beautiful table. There is plenty of storage above the back of the settees as well as behind and below them and the cushions are covered in a beautiful blue fabric. The galley is large. Cold storage is handled by a large front loading refrigerator and a separate top load freezer. For cooking you have a Force 10 gimbled stove top with built in microwave and for clean up you have a double bowl stainless steel sink. As for dry storage there is an abundance of cupboards above and below the counter. As you pass through the galley aft is the aft cabin. This cabin has a hanging locker, a large berth as well as a shelf above the berth. The head is located just aft of the nav station on the starboard side. This is quite large for a boat of this size and has a separate stall shower complete with seat. The head is constructed mainly of molded fiberglass for easy cleaning and white in color to give it a bright open feel with some wood trim to add contrast. Natural ventilation is provided by two large opening ports. The forward cabin has a v-berth flanked by a shelved locker on the port side and a hanging locker to starboard. There are (2) covered shelves running the full length of the berth. Natural light is provided by two fixed hull ports and an opening overhead hatch. This boat has beautiful mahogany woodwork through-out with a gloss finish. The sole is synthetic laminate for durability and the entire boat is just beautiful and ready for a new owner. If you don't plan to go south this winter she comes with her own winter cover. Hull and Deck

- Hull -- White Gel Coat
- Bottom Paint (black)

- Swim Platform
