SPECIFICATIONS

Overview

Fantastic opportunity on this new to market 2014 80 Ferretti F800. One owner yacht maintained to impeccable standards by a full time professional crew from day one. Recent annual yard service just completed. This is a true turn key yacht! Novurania tender included. Tucci umbrellas are offered on the bow. Amazing teak beach swim platform with a large well organized garage with a Sea Doo! Massive aft deck with ample seating for dining and relaxing which also features an Elkay EZH20 purified water station, which means no more plastic water bottles! Aft docking station with engine, bow, and stern thruster controls. Large opening window to the spacious, light and bright main salon. Ample and elegant seating in the salon and an upgraded 60" TV on a lift. Convenient on deck day head adjacent to the well equipped helm. Upgraded Tropical air conditioning option, upgraded ice maker, and refrigeration options.

The design was a successful collaboration between Ferretti and architect Gianni Zuccon from Studio Zuccon International Project, AYT - Advanced Yacht Technology. The Group's naval research, design center, and the team of architects and designers of Ferretti Group's Centro Stile, allows for the shipyard to continue introducing breathtaking new models which includes this new Ferretti 800. With this new model, the shipyard proves that it continues to successfully revamp its range, combining Ferretti Yachts' original style with a cutting edge take on space, planning, and design. The resulting yacht features well proportioned interior spaces and a layout that is simply characteristic of larger mega-yachts. These features, combined with a prominent external line and exceptionally lit interiors provide nothing short of an elegant and unforgettable experience on the water. A four-cabin layout provides ample accommodations for eight with a large master stateroom and two VIP cabins as well as a crew cabin. Sweeping views of the water and a raised helm station allow for great visibility while navigating. Two large open view windows in the master cabin have been elongated and have two large porthole windows, which can be opened for cross-ventilation, and have been fitted into the guest area to enhance the open-air feeling on board.

Basic Information
