## Overview

The 68 Sports Motor Yacht is a refreshingly new design with sports performance and spacious sports-sized cockpit that will appeal to experienced luxury motor yacht owners who desire to spend more time cruising aboard a supremely luxurious, long-range Riviera.

She has a very versatile sports-styled cockpit with copious storage solutions to reflect her ultimate versatility. The mezzanine, being the heart of the entertaining space, will also feature a spacious dining and entertaining area, with direct access to the day head, as well as great connectivity to the central galley, of course befitting Riviera's hallmark alfresco lifestyle characteristics.

This new-generation yacht from our talented international team of designers also offers a flexible accommodation plan with three or four staterooms with full-beam master stateroom, as well as options for a gym, teenager's retreat, crew quarters or a dedicated sporting equipment stowage.

"We have developed this entirely new design after extensive consultation into where and how often our global family of owners who, in increasing numbers, are wanting to take their boating further afield with true long-range cruising," he said.

"This unique and pragmatic design offers fantastic interior flexibility ... we feel our owners will appreciate the wide array of options to own a yacht with a uniquely personal touch and we are extremely encouraged by the feedback to our private presentations held during the Festival and at Expo."

## Engine Information

---

**Engines:** 2

**Manufacturer:** MAN

**Model:** V12 1550

**Engine Type:** Inboard

**Fuel Type:** Diesel

---

# DETAILED INFORMATION

---

---

## Stepping Aboard

---

Stepping from the wide boarding platform through either of the transom gates, the spaciousness of the Sports Motor Yacht's expansive cockpit is immediately evident.

There is a considerable volume of cockpit storage with large lockers in the transom and deep fish bins in the floor, as well as a reinforced plate for an optional game chair. The coamings feature toe kicks for bracing, as well as optional heavy-duty stainless steel rod-holders.

Facing aft – and cleverly concealed under a moulded, gas strut-assisted lid – is a double barbecue with LED lights and a wet bar with a sink, tapware and an insulated cool box. There is also a hatch providing service access to the engine room as well as four removable tackle trays – in fact there's a place for everything you'll need for your extended voyaging.

---

## Indulge in Pure Luxury

---

There's even a safe for your valuables in one of two cedar-lined hanging lockers, which feature shoe shelves and full-length hanging space.

In the presidential design, the Sports Motor Yacht's master ensuite, on the starboard side, is located forward, creating an even larger master stateroom with a writing bureau with a timber top, leatherette inlay and concealed make-up storage, power point, USB outlet, dinette-style seat and book storage.

---

## Engineering Excellence

---

Each model features a full stand-up engine room, while the strong and superior strength hull has been developed by the Riviera design team in collaboration with Frank Mulder Design in the Netherlands – three-time naval architects of the 'Fastest Yacht in the World'.

We have also tank-tested the hull at the Wolfson Unit for Marine Technology and Industrial Aerodynamics at the University of Southampton, England to ensure we have maximised hull efficiency and performance.

---

## Exclusions

---

Owner's personal belongings.

---
