SPECIFICATIONS

Overview

The Sir Robert Baden Powell **runs under class at Register Holland, class 1234+**, so it is approved for worldwide passenger travel and is inspected & renewed annually. It corresponds to the highest possible safety standard for this type of passenger ship.

The Sir Robert's sail plan approximates the model of the American Balltimore Clipper with modifications. The mast fall is less, the large boom towers a little less over the stern and the schooner sail is driven on the boom. All this to make it easier and safer to operate the ship together with the guests.

Sir Robert's salon is located directly amidships and resembles a large lounge. All guests can comfortably find space here for dining and is also where the ship's library is located.
