SPECIFICATIONS

Overview

ELEMENTS is one of the world's few fully custom-built yachts under LR and fully SOLAS compliant. With an imposing 80m exterior and sophisticated interior, this yacht will appeal to forward-thinking yacht owners seeking only the highest quality yacht in the right value. The Cristiano Gatto interior is finished with a meticulous level of detail and features a rich decorative scheme, using precious materials, marbles, etched glass surface, back-lit onyx, gold, silver and mother-of-pearl inlays. Able to accommodate 24 guests, ELEMENTS has dedicated guest areas that are cleverly located over 4 decks. This includes an exterior flow through deck areas which are designed around the guest experience, suitable for entertaining large groups of friends yet equally ideal for relaxing in the sun. An ocean-side beach club is a highlight of the yacht's exterior spaces, featuring a wide sunbathing platform and bar with glass detailing. The Beach club itself offers a massage room, Turkish bath, bar and powder room. On the main deck, the saloon is the heart of the yacht and a natural gathering centre for all guests. Rather than one single lounging area, the saloon offers a variety of sitting areas conducive to smaller groups pursuing different activities simultaneously. Should you require more information, please contact our London offices.
