SPECIFICATIONS

Overview

Lady Mae is docked at One Degree 15 Marina, Sentosa Cove, Singapore. It is immaculately maintained by a full-time crew. It looks almost like a brand new boat internally and externally. The twin Caterpillar C12 engines (with 710 horsepower each) and the Onan 13.5 KW generator is serviced by Caterpillar.

She was installed with premium option equipment and furniture when it was built at Albemarle factory in Edenton, North Carolina.

The Albemarle 410 Convertible is an extended-range flybridge yacht whose comfortable accommodations allow her to double as a great family cruiser. One of the more notable aspects of the 410C is her roomy salon with its oversized windows and excellent headroom. Entertaining friends is easy with the L-shaped lounge that converts to a double berth and an L-shaped settee with a table. Just a few steps away, the tastefully appointed galley includes solid surface countertops, cherry cabinetry, a two-burner cooktop, SubZero refrigeration, and microwave/convection oven.

Much like the salon, the master stateroom of the 410C is surprisingly large and comfortable, even on extended expeditions. For guests or crew, there is a second stateroom with twin bunks and a standup head that is accessible from both the master stateroom and the hallway. The cockpit features a freezer in the port side module, a transom fish box, a lift-out box and a baitwell in the starboard module.

On the downside, the engine room is a tight fit. With her distinctive Carolina styling, the 410 is a standout boat wherever she goes. Cat C-12 710hp diesel cruise in the 28–30 knot range (low 30s top). Extended-range tournament machine with a wide beam, classic convertible styling hits all the right buttons.

Upscale interior with cherry trim, quality appointments boasts surprisingly spacious salon with facing L-shaped settees, large galley with Sub-Zero refrigeration, comfortable staterooms. The cockpit comes with 30-gallon Livewell/cooler, bait-prep center, beefy tuna door, cockpit, and transom fish boxes. Note spacious bridge with pod-style center helm, large engine room.
