Overview

The Essence 33 design is the elegant result of the collaboration between Hoek Design and the producer Yagt. The Essence 33 was designed as a daysailer, but is also a seaworthy yacht. One sails the Essence 33 in the company of good friends. A day on the water, surrounded by freedom and luxury, with a nice glass of wine and a well-filled cool box. Both the interior as well as the deck will give you plenty of space for these purposes. Despite its considerable size, the ship can be trailered so there is no need to worry about expensive moorings in the warmer regions. You are maneuverable, flexible and free to go wherever you please. The Essence is one with the fanatic sailor, who also wants to enjoy the good life. The exterior is prepared for spectacular sailing performance, but is also perfect for a sunny, lazy afternoon with one less sail in the bay. The seating comfort is excellent and is characterized by a natural nonchalance, with taut pillows in stylish shades. The teak deck has white accenting lines. Overall, simplicity dominates: what normally a lineage disturbs, has been eliminated, so nothing distracts the attention from the boat. The most important part is that everything is correct and is in balance with each other. Both the concept and styling of the Essence are like a classic jewel, but the technique is hypermodern. The Essence is based on a beautiful design, with a tight interplay of lines and a sportive touch. The interior styling is perfectly suited, and includes a sophisticated finishing touch and surprising combination of materials. Of course we offer the opportunity to integrate your own preferences into the end result. We work primarily with hightech materials such as carbon, which is not only lightweight but also beautiful and strong. We create an exclusive appearance, which is both warm and welcoming, through the use of hand selected fabrics, colors, and stitching patterns. The standard layout utilizes every square centimeter and emphasizes the essence of the boat: class and quality. The Essence 33 is a very successful Hoek Design daysailer, with 6 boats that already have been sold and sailing in various regions over the world. For instance hull numbers 3, 5 and 6 are sailing in the waters of Long Island NY. Hull # 7 has just been launched and is now in the Netherlands

Basic Information

Category: Daysailer

Model Year: 2020

Year Built: 2020

Country: Netherlands

Dimensions

LOA: 36' 8" (11.17mm)
