MAKE AN OFFER

70' Pershing X has an impressive futuristic form. The dynamic profile and design enhanced by two large structural wings endow the boat with an original profile. The icon of a new generation of Pershing attracts owners who seek an inimitable style that promises high visibility everywhere, the expression of elegance and speed, power and beauty, technology and safety. X is fitted with two MTU engines, with 1,623 hp power each, combined with surface piercing propellers and Top System 85P transmissions to reach a maximum speed of 46 knots.

In any case, life on board will be lit by the large glass surfaces and the luxurious and sophisticated interiors with three staterooms with bathroom and an automation system worthy of larger yachts. And for those who watch you from the dock or from another boat, the two large side wings will be the sign that Pershing has once again created an enviable masterpiece.

The avant-garde looks of the all new Pershing 70 has conquered both loyal and new fans of the brand. A dynamic profile and innovative design are enhanced by two large structural wings that give the yacht a truly breath-taking appearance on the water, and a truly unique personality like no other.
