SPECIFICATIONS

Overview

With its ultra-modern look, the GTM 90 Sportfisher features everything you need for game fishing: live bait wells, rod holders, fish freezer storages, tuna tubes and a great fighting chair. The stern has plenty of deck space, an open-type galley and exciting alfresco dining area for sushi-sashimi straight after fishing. A vast flybridge is equipped with a lounging area and pilot station, ideal for spotting tuna schools from a distance. One of the rare sportfishers built entirely from aluminium, the GTM 90 is capable of handling the roughest of conditions, whether it be fishing around oil rigs in the Gulf of Mexico, trolling drop-offs in the North West Pacific, or searching for halibut in the frigid fjords of Scandinavia. Its 30-knot top speed combined with 900 nm range makes it not only a great fishing boat, but also as a superb family yacht.

Designed by Van Oossanen in the Netherlands, the GTM 90 Sportfisher will keep you safe, protected and comfortable everywhere you go.
