SPECIFICATIONS

Overview

The Southerly 57RS was designed by Superyacht designers, Dubois Naval Architects and renowned interior designers Rhoades Young.

Designed First to be a no compromise, safe, elegant, world cruising yacht that can easily be sailed by two.

Second, to make her a powerful and fast sailing yacht that takes full advantage of the trademark Southerly Swing Keel.

When the keel on this 57ft yacht is fully up she draws only 3 foot 6 inches and can go places you can only imagine! When fully extended the foil shaped keel reaches a depth of 10 feet 9 inches! Giving you a pointing ability that other cruising yachts can only dream of. In moderate air, sailing at 30% to the wind is what you can expect!

The interior of “Vivere” is beautifully finished in high quality Teak and Very Well Appointed. The raised salon provides panoramic views that the owner and guests can enjoy while dining or sailing. The navigation area is also raised to provide an excellent line of sight from inside the yacht. Forward is an extra large spacious master stateroom with 2 guest cabins aft.

Vivere has a hydraulically opening and closing transom door which creates a wonderful swim platform and when open reveals a tender garage with a Williams Jet rib tender. No davits needed on this yacht!

Please contact us now for an appointment or for more details and pictures. Easy to see this very fine yacht in Annapolis!
