SPECIFICATIONS

Overview

The all new 377 Coupe is the second model in the Coupe Range by Astondoa. The Astondoa 377 coupe is a modern walkaround designed for exciting onboard experiences. This sporty, compact walkaround surprisingly features the amenities of a much bigger luxury yacht in a 38-foot boat. The concept of this new model is to grant the superyacht experience to the owner and guests, using innovative design features to fit luxury into a small, sporty package. Onboard, the owner and guests have the perfect amount of space for overnight comfort. The interior - with wood flooring, modern oak furniture and full head finished in Corian - is surprisingly luxurious. With a refrigerator, air conditioning and LED TV this sport cruiser feels more like a proper yacht. It has a master cabin and a guest cabin for a total sleeping capacity of four people. The modern and bold design is as distinctive and stylish as the Astondoa brand itself. With its original inverted angle, the bow of this sports cruiser has an aggressive edge. It will look like its slicing the surface of the water as you navigate around the coast of Florida. This Astondoa 377 Coupe comes standard with 2 diesel Volvo Penta D4 engines with 260 horsepower. For those seeking an even more daring experience, there are Volvo Penta D4 300 HP and gas Volvo Penta V8 300 HP engine options.
