SPECIFICATIONS

Overview

NEW TO MARKET!

123' Palmer Johnson Raised Pilothouse, "INVICTUS," was purchased by the current owner in November 2015 and they have never offered her for charter...private use. She has LOW TOTAL TIME and has been lightly used, only averaging 150 hours per year since 2015...305 hrs SMOH.

American built by Palmer Johnson Shipyard located in Sturgeon Bay, WI, Palmer Johnson is known for high quality custom builds. **THE 123' SERIES IS COMPLETELY FIBERGLASS CONSTRUCTION.** The successful 123' series was originally designed and launched by the world famous France family of NASCAR.

In comparison to the 112' Westport, the 123' Series Raised Pilothouse is a much larger volumed vessel. You could virtually put a 112' Westport inside the 123' PJ.

Guest accommodations include 4 staterooms (2 king beds and 2 queens) and 5 heads. Crew accommodations are forward and include 4 staterooms (6 berths - captain's quarters, first officer stateroom, and 2 bunk staterooms) with 4 full ensuite heads including a large crew mess area.

Notable features include an on-deck master stateroom, full-beam (below main deck) VIP stateroom which can serve as a second master, speeds up to 24 knots with 20 knot cruise due to the upgraded MTU 12V4000 series engines, 2,735 hp each (same motors used on the 130' Westport), and shallow draft ideal for the Bahamas and South Florida.

"INVICTUS" has received a complete refit started in 2016 and has been constantly upgraded.

Easy to see in Fort Lauderdale.
