SPECIFICATIONS

Overview

One of the most sought after used Jeanneau models worldwide. Built with more real teak below, better fit and finish and the 54DS was in her time the most successful new boat over 50' ever. The Jeanneau 54DS was specifically designed to be an elegant performance cruiser which defined the modern deck saloon. Gaze into her wake, and this yacht reveals the power of her seafaring hull from the comfort of a cleverly designed cockpit above vast accommodations. Marketed as guaranteeing sailing pleasure owing to her quality deck hardware and high-performance equipment, the ease of movement in the cockpit with centrally located deck hardware creates a fast, efficient, performance yacht which is a joy to sail. Cruising World described the boat as having: "the curvaceous deck lines of a sexy Italian motor-yacht with the long waterline and slippery underbody of an offshore thoroughbred". This model has twin aft queen berths and a very spacious owner's cabin forward with centerline berth.
