The new generation of Sun Odysseys reflects harmony on board, and this well-being flows from a clever ergonomic design. The new Sun Odyssey 440 benefits from an entirely new, innovative layout for greater ease of movement about the boat. At once seaworthy and welcoming, cozy and sporty, masculine and feminine, the Sun Odyssey 440 is as attractive on the interior as on the exterior. The ambiance is warm and polished, soft and welcoming. On the interior, they feature clean lines and a spacious open layout. Sun Odysseys offer a harmonious design for easy handling and enjoying life on board. Philippe Briand, who has designed this boat in every detail said "in designing this new model I put in front all the convenience and simplicity of life on board. Cars are more and more comfortable, the increasingly ergonomic technology, and therefore expect that even people who go to sea. Simply put, everything today tends to be simplified." There are no longer any obstacles between the decks and the cockpit, the deck descends gently from the bow towards the stern (the difference in level is about 60 cm) until arriving at the same level of the wheels seamlessly. The backs of the benches of the cockpit can be extended outward to create a giant sunbed which exploits the whole width of the boat. The cockpit can then become as wide as the boat. At the center of the cockpit, there is a table with lifting wings that creates a real dining area, inside the table, there is a portable and rechargeable refrigerator with an outlet.
