SPECIFICATIONS

Overview

Delivered by Trinity Yachts in December 2012, this all-aluminum motor yacht features a striking exterior design by Geoff Van Aller, with a contemporary interior by Ramón Alonso. Bringing together a harmony between the interior and the ample outdoor spaces, she features a grand aft deck with plenty of room for alfresco dining and has a top speed of 23 knots. The extensive upper deck and sun deck are multifunctional spaces, ideal for both relaxing or entertaining. Her interiors are modern, sleek and refined, with emphasis placed on the excellent use of premium materials such as leather, suede, marble, onyx and walnut throughout. The onyx floors are heated for maximum comfort. Able to accommodate up to 12 guests in 6 staterooms, including a master suite main deck forward with 180 degree vertical windows, she can also house a crew of 10.
