## Overview

All New 2020 Catalina 545 now available for order Cruising World Magazine's Boat of the Year - Overall Boat of the Year "It's a major upgrade from anything they've ever built. I think it's not only significantly bigger, but better than anything they've done." - Cruising World Magazine SAIL Magazine's Best Boat - Best Large Monohull 51ft and Above Winner & Best Systems Winner "In the eyes of our panel of judges, the reason the new Catalina 545 stood out as this year's best large monohull is because of the way its collection of engineering and design features all worked together to result in a truly outstanding vessel. Beyond that, although the company is including the new flagship in its 5-Series, Catalina fans will immediately notice some eyebrow-raising differences between it and the rest of the line." "Put simply, the boat not only has all those same systems today's sailors have come to expect, but they are all both admirably well laid out and provided with excellent access points for maintenance and easier servicing down the road—a design consideration that can be as important as the installations themselves." - SAIL Magazine
