SPECIFICATIONS

Overview

New 2019 Leader 9.0 CC Game-Changing Center Console A powerful new model is joining the Jeanneau Leader Outboard Range. Introducing the Leader 9.0 Center Console. Launched in March 2018 in Europe, this 30-footer has now made its way to North America -- being the first Center Console of the Jeanneau Leader Range. Once again, Jeanneau managed to design a powerboat with unique features for the American Market. It is the only 30-foot Center Console with a double berth down below, a separate shower and head compartment, optional air conditioning, and optional generator. Look no further -- this is the center console revolution you've been waiting for. Side decks on one level allow for ease of movement around the deck. To the aft, the swim platforms allow for easy access to the water. A L-shaped seating area around a table has two additional folding bench seats on the port side creates a large seating area for entertaining. By day, the table can be transformed into a large sundeck. The optional outside galley is fully equipped with a fridge, stove, sink and storage compartments. The helm station has sleek seating for three and is shaded with a hardtop. Moving to the forward lounge. A U-shaped couch can be completed with an optional table and converted into a vast sundeck. Whether you're cruising for a weekend away or enjoying a sunset cruise with friends -- the Leader 9.0 CC can accommodate up to 11 onboard and is powered by twin 200 Hp (up to 250 Hp for more performance) engines. \$121,130**MSRP base boat without options+ base engine power option. For pricing, availability and product information, please contact your Jeanneau dealer.
