## Overview

Cruising fast on the heels of the Leader 9.0 Center Console that was introduced to the North American market last fall, comes the NEW Leader 7.5 Center Console. Designed by Michael Peters, this hull delivers excellent performance for a 25-footer. On the exterior, the forward cockpit salon has U-shaped bench seating complete with table. When its time to relax and unwind, filler cushions are used to transform the space into a complete sun lounge. There is easy access to the large anchor locker plus optional windlass from the forward salon. The ergonomic design at the helm makes cruising easy. Fully protected with a T-top, there is also a windscreen. To port, the sliding door gives access to the optional chemical toilet. Next to the helm station seating is a large cockpit storage locker. Moving to the bow you'll find a U-shaped cockpit with optional leaning post. The bench seating to port and starboard is removable with optional backrests. Additional filler cushions allow you to turn the cockpit into another large aft sundeck. For protection underway, the portside access gate keeps everything secured. The two swim platforms include a live bait well (option) and a storage locker. Additional swim platform extensions include a ladder and handrail for easy boarding from the water. \$77,860\* Starting at price\* MSRP base boat without options+ base engine power option. For pricing, availability and product information, please contact your Jeanneau dealer.
