SPECIFICATIONS

Overview

With its double access, the Flybridge is dedicated both to manoeuvring and relaxing. The centred helm station offers protection and visibility. For even more comfort, different solar protections are possible: a folding cabriolet or a rigid Bimini.

On catamarans of this size, the dinghy hoist system is usually a simple offer. On this 46 it is possible to choose either a classic stainless steel davits or an electrical hydraulic platform. This last option offers an easier access to the water while offering a new living space at the back of the boat.

Basic Information

Category: Catamaran

Model Year: 2020

Year Built: 2020

Country: United States
