## Overview

---

20k price drop October....Owner wants her sold!The New Tayana/Vancouver 460 Pilot, Robert B. Harris has achieved a unique break-through in design. A yacht that combines long haul passage-making with crew comfort, luxury and extensive cruising amenities unseen before in yachts under 65 feet.The design of the Tayana/Vancouver 460 Pilot smoothly blends the Vancouver tradition of a powerful proven sea kindly hull, with the latest refinements in hull design. With its very respectable speed under sail or power, and with the added luxury and protection of a true pilothouse, she has the ability to cross the world's oceans in safety and comfort without compromise, driving through the roughest of sea conditions with power and control. With all lines brought back to the cockpit (including 8 lines in 2 conduits) and 2 separate, fully instrumented steering stations, she can be handled by 1 or 2 people in safety and comfort. Imagine a pilot house with clean, beautiful lines, the 6'5" headroom underneath creating 33% more space than similar sized yachts. We have an exciting new keel which is encapsulated lead in an elongated bulb & now the option of an extra salt water keel ballast system. The keel is designed to complement a no-nonsense, work to weather, deep-chested yacht. No saucer shaped hulls for us! Built in Taiwan by the world famous Tayana Yachts, she is a head-turning new boat design combining the enviable Vancouver heritage with the finest in cruising design and safety. A fresh new design whose time has arrived.
