SPECIFICATIONS

Overview

This is an exact replica of a 1929 Ditchburn Launch, built from the original hull stations and patterns that the factory used at that time. It was custom built for the first and only owner of this boat who desired a stable launch with modern power and a mother-in-law seat forward which would accommodate more people for entertaining. Built over a 2 year period, the boat has been well maintained and kept up to a very high standard. It has always been stored indoor and used always in the cold freshwater lakes of the Adirondacks. This boat was reduced in price in April of 2019 and reflects the new asking price.
