## Overview

---

This piece of elegance is a Victorian Launch made by Peter Freebody of England. The boat is a one of a kind launch with bronze hardware made from casting ties from the 1800's. It is not a replica but influenced by 3 other launches incorporating the best from each boat. The boat was custom built and shipped to the original and current owner. The boat has twin helm steering stations and wired with a sound system. It is powered by 8 gel cell batteries which will provide 6 hours of use on a single charge. The boat features an enclosed area as well as fringed canopy over the bow area. The boat has been extremely well cared for and all aspects of the boat were handcrafted from teak and powered by twin Electric Motors. The boat features hand wood carvings throughout the boat and is in excellent condition.
