# SPECIFICATIONS

---

## Overview

---

This Ocean Xplorer 71 conversion is built upon a new sleek offshore hull with all new machinery, electronics and state-of-the-art systems. The project has huge advantages in that the base-line vessel is an ice-class, hi-speed (19-knot) hull with MAN/Rolls-Royce diesel-electric propulsion, retractable stabilizers and other advanced systems which match, or surpass, any new yacht build. The conversion package will allow a new owner to customize the layout and interior finish to suit his/her tastes and global mission. The vessel can accommodate a host of special adventure equipment for skiing, polar expeditions and under-ice diving ops. The cost of the conversion will be an additional cost for new owner.

## Basic Information

---

**Category:** Motor Yacht

**Sub Category:** Expedition/Explorer

**Model Year:** 2021

**Year Built:** 2015

**Refit Type:** Conversion

**Country:** Spain

## Dimensions

---
