Overview

The current owner will pay for relocation to anywhere in the US!

NEW MEDIA CONTENT COMING SOON

This 53 Cranchi has been outfitted with a few extra features to help with cruising. The swim platform is hydraulic to easily launch and retrieve a tender. There is a large seating area/dining area on the aft flybridge and forward next to the upper helm. If preferred, the aft seating area could be removed and tender could be stowed on the bridge with the addition of a davit. Two stainless steel supports have been added to the fly to hold the additional weight. The solar panels can run everything on the DC panel during daylight hours. The side door next to the lower helm helps with short handling the boat during docking. Also, there is a third docking station in the cockpit. There is a side boarding door to the cockpit. The generator is large enough to add additional equipment, like a water maker. Her three stateroom layout with two heads can accommodate six comfortably, with crew quarters at the bow. While entry is through a large deck hatch, it is very comfortable with a head, sink, storage, separate AC controls, and about an 8-foot berth. The master stateroom is very large with a private head and shower area. The salon is the largest in its class with a pop-up TV that rotates for the salon and to view from the seating area surrounding the lower helm. This Cranchi 53 uses the Volvo IPS 600 geared and propped for trawler speeds. This gives the vessel excellent fuel economy at trawler speeds (2000 nm at 7.5 knots), the capability of moving at over 20 knots if needed to beat a storm, and very easy maneuverability. Lastly, the mast has been made to fold easily for those who would like to clear some shorter bridges, perfect for anyone looking to do the great loop.

Basic Information

Category: trawler

Model Year: 2017

Year Built: 2017

Country: Mexico

Dimensions

LOA: 55' 9" (16.99mm)

Beam: 16.25

Max Draft: 3' 5" (1.04mm)
