## Overview

---

This 2003 Tiara 4000 Express offers incredible interior and exterior space for comfortable cruising, relaxing and entertaining with plenty of storage.

The 4000 Express was the first midcabin design ever built by Tiara. With her sleek profile, lush interior and wide-open cockpit, the 4000 became a popular model during her production years in spite of a seriously upmarket price. With her wide 14'6" beam, the accommodations are spacious for a 40-footer. A huge salon lounge will seat a small crowd around the extendable table, and the open galley includes tremendous storage. The staterooms define Tiara luxury. Twin transom doors lead down to the extended swim platform, and built into the transom is a large, hydraulically opened storage trunk. The center section of the cockpit sole lifts for engine access. Additional features include radar arch, foredeck sun pad, electric helm seat and a cockpit wet bar. Twin 450hp Cummins diesels cruise the Tiara 4000 Express at 23–24 knots (high 20s top).
