Overview

A SLEEK, MODERN DESIGN. This new member of the Lagoon family has style and a strong personality. While keeping a family resemblance and retaining the main features of the latest generation of Lagoons, it shows us a new path: unhurried evolution, a new "organic" approach, in search of harmony between living space and man.

A single level from the aft platform to the saloon: a structural "revolution", Entirely new ergonomics that ensure excellent use of space and ease of circulation on board, A large glazed door that occupies the entire width of the coachroof, and provides access to the unparalleled internal volumes. The suspended steps at the transom provide a whole new perception of the boat: a continuous, wide and inviting platform, worthy of a large vessel.

Once again, the Italian design firm combines elegance and functionality, and offers us two versions of this new model.
