SPECIFICATIONS

Overview

Superior quality and performance sailing catamaran. Semi-custom. McConaghy is an expert in building state of the art performance yachts.

The MC55 might be the smallest multihull in the McConaghy range, but this cat is no kitten. The MC55 not only benefits from McConaghy's vast experience building performance boats but also from a carefully considered use of carbon, that sees her precise hull forms achieve an optimum strength to weight ratio.

The MC55 has dual helm positions on the flybridge, allowing for the greatest sight lines forward as well as an elevated position that aids more difficult in-port manoeuvres – making her an ideal choice for those new to multihull cruising. There are two accommodation layouts to choose from; a four-cabin layout (all en suite) or a three-cabin layout, which allows for a large master suite, complete with private study, in the starboard hull. The wide saloon offers a versatile and spacious living area that, with large windows running the full length of the hulls and fully retractable glass doors to aft, is exceptionally light and provides fantastic views. The galley is arranged open-plan to this area, which creates an apartment-like feel and is particularly well suited to socializing and family living.

Engel & Voelkers Yachting is the North American Dealer - 239-404-9329. View our site for all models.
