## Overview

---

### **EASY TO SEE DURING FLIBS 10/27/2021 - 10/31/21!**

The 88' Pershing is one of the best running hulls Pershing has ever produced. The specific 88 Pershing has recently received a complete refit, stem to stern, keel to mast! There is not one surface or piece of machinery that has not been touched, painted, updated, or improved in this vessel.

The interior has been appointed with only the finest materials and equipment available from the top designers in the world. The helm was completely rearranged to allow more equipment, better visibility, and ergonomics.

The vessel has everything from the Crestron System to the Yacht Controller to assist with operation of the vessel and its multiple systems.

The engine room was completely gone through, and equipment was moved around to make machinery more accessible and easier to service. While doing the work in the engine room, the entire electrical system was upgraded re organized.

The listing on this vessel is going to be refined over the next couple of weeks, because of all the things that have been done to this vessel throughout her refit. Well over 3.5 Million was spent on the vessel during this refit along limitless amounts of time, sweat, and tears.

AMORA is a very special vessel that ultimately is a MUST SEE!!!
