SPECIFICATIONS

Overview

Your next adventure begins on the Moonen Navarino! Designed by René van der Velden, this 47 metre explorer-style superyacht has an incredibly sturdy monocoque structure, meaning the hull and main deck are one entity, with no side decks. This translates to incredible benefits in terms of strength, interior volume and weight, along with a full-beam interior across the entire main deck. Lengthy expeditions are a breeze thanks to the impressive amount of storage space for food and supplies, as well as the capacity to carry 50,000 litres of fuel and 12,000 litres of fresh water.

With a total of five cabins, including a Master Suite on the main deck, there will be plenty of room for you and your guests as you embark on your next adventure. Navarino's innovative design includes an aft deck lazarette that is raised to the same level as the beach club, creating a unified space that can be used however you choose. Even more space is freed up on the aft deck by storing the yacht's tenders and toys on the foredeck. Meanwhile, the wheelhouse is positioned significantly aft, resulting in unobstructed views and a smoother ride for those long periods at sea.

Basic Information

Category: Motor Yacht
