SPECIFICATIONS

Overview

SPIRIT is a New Zealand dual hull Wavepiercer built to ABS Maltese Cross A1Y classifications. She was refitted in 2016 with new hull paint, overhauled Cat 3412E's, etc. Her Ken Freivokh interior design gives her exceptional interior volume, spacious deck areas and walk-arounds. Two canted counter balanced rudders are fitted allowing for trimming of the vessel, reducing the roll of the vessel when turning.

Accommodations are expansive with (5) staterooms for up to (12) guests including a full beam master suite on upper deck, (2) Queens suites and (2) twins which can convert to king berths, all with ensuite baths. Large captain's cabin with full berth on main deck along with crew quarters for (10) below deck.

The main deck salon features lounge seating, game table, bar and dining table to starboard. The salon has ample amount of natural light and views through large picture windows.

The sundeck has a U-shaped bar, flybridge helm station forward, sun pads aft and versatile deck areas for gym equipment, BBQ grill. A spiral staircase port aft leads down to the bridge deck aft, which is the private terrace for the owner's staterooms with bar and seating. On the forward deck is large seating area with Jacuzzi. A unique feature is her hydraulic submersible swim platform for tender/toys.

Powered by Caterpillar 3412E engines, with a cruising speed of 12 kts topping out at 18 kts. She is equipped with Northern Light 65KW Generators, bow thrusters, upgraded Furuno radars, 18' Brig tender, plus much more!
