## Overview

---

We have this boat on her way here now to avoid the normal year+ lead time, and featuring a long list of custom upgrades performed during build.

The 72 Sports Motor Yacht is a refreshingly new design with sports performance and spacious sports-sized cockpit that will appeal to experienced luxury motor yacht owners who desire to spend more time cruising aboard a supremely luxurious, long-range Riviera.

She has a very versatile sports-styled cockpit with copious storage solutions to reflect her ultimate versatility. The mezzanine, being the heart of the entertaining space, will also feature a spacious dining and entertaining area, with direct access to the day head, as well as great connectivity to the central galley, of course befitting Riviera's hallmark alfresco lifestyle characteristics.

This new-generation yacht from our talented international team of designers also offers a flexible accommodation plan with three or four staterooms with full-beam master stateroom, as well as options for a gym, teenager's retreat, crew quarters or a dedicated sporting equipment stowage.

"We have developed this entirely new design after extensive consultation into where and how often our global family of owners who, in increasing numbers, are wanting to take their boating further afield with true long-range cruising," he said.

"This unique and pragmatic design offers fantastic interior flexibility ... we feel our owners will appreciate the wide array of options to own a yacht with a uniquely personal touch and we are extremely encouraged by the feedback to our private presentations held during the Festival and at Expo."
