SPECIFICATIONS

Overview

This Princess 82 is quite simply, a stunning example of fine British Yachting design. The galley is separated on the after side from the dining area in the salon, but open forward to the dinette opposite the lower helm. it allows formal dining in the salon while offering the country galley so popular.

Princess has perfected a push-pull infusion system that creates an exceptionally strong hull (Each 82 is built to meet or exceed all U.S. Coast Guard regulations and standards) This specific construction method creates more usable interior volume. The design allows 3 large guest cabins (4 in total - each with an en suite head) plus the full-beam master suite and well-appointed crew quarters with access from either the main deck or a door in the transom.

The use of huge windows brings in light and open up the interior increasing the impressions of space. The sides of the salon are mostly glass, and the furniture has been designed with low backs to take advantage of these windows.

The 82 is a yacht designed for entertaining, with full-size walk-behind bars on the aft deck and on the flybridge, where the bar doubles as an outdoor kitchen with grill and fridge. Her cockpit has a curving settee with table for alfresco dining, as does the bridge, which also sports a large sun pad and another one on the fore-deck. The Yacht is equipped with Side-Power bow and stern thrusters with a hold position, so you can set the thrusters to pin the boat against a pier while you get the dock lines squared away.

The Yacht is in pristine condition, with a full traceable history. the 2 MTU engines have been serviced regularly and only totalised 700h while the generator have 1200h. the harbour birth is available to buy in addition. Finally, she is stabilised (zero speed).
