SPECIFICATIONS

Overview

Leopard Yachts have their foundations on the historical pillars of the brand: Italian design, constructive excellence, speed and reliability. The story of Leopards has roots dating back to 1600, when the Picchiotti family began building boats. The first Leopard was designed in 1973 by Paolo Caliani. Since then approximately 300 Leopards have sailed the seas of the world. This 2002 Leopard 27 features 5 Cabins and accommodates 10 passengers. With two Rolls Royce inboard motors, this cruiser promises endless adventures.
