SPECIFICATIONS

Overview

A unique design that perfectly encompasses the ultimate motor yachting luxury and style. Designed by 4D Designs in collaboration with the Riviera and Belize design team, the Belize 66 is in a class of her own. Craftsmanship without equal. Customization with no peer.

Enter via transom gates into a large, teak-laid cockpit with tender garage beneath, or through the side bulwark doors. Personalize the entire massive saloon area with select fabrics and bespoke finishes. The U-shaped galley, forward dining area and free-standing lounge will all delight. Outside, wide high side decks lead to the foredeck.

Discover the skipper's helm forward. The lower helm and expansive helm in the Day bridge both feature state-of-the-art navigation aids, simple touchscreen operation and effortless joystick control. Volvo Penta Inboard Performance System (IPS) delivers exhilarating performance and impressive economy.

Descend the forward staircase to the accommodation deck. Choose from three or four-stateroom designs with three luxury bathrooms. Option of additional crew quarters or utility room.

A limited number of Belize Motor Yachts are built each year. This means that you will own and command something quite different and unique...
