SPECIFICATIONS

Overview

Based on the design of the 46 metre Admiral yacht Atos, Crocus is designed for “discreet and minimalist luxury” focusing on close contact with the sea. Key features include a 100 square metre sundeck, spacious beach club and garage large enough to store tenders of up to seven metres with various water toys. The master staterooms sits on the main deck alongside the dining area and galley while the rest of the guest accommodation sits on the lower deck. The beach club and crew areas are also found on the lower deck.

The interior is designed to reflect “a relaxed mood” with materials including ebony wood and statuary marble. The result is an “ultra-modern and contemporary style.”

Power comes from twin CAT C32 Acert engines for a top speed of 17.5 knots and a range of 3,500 nautical miles at 10 knots. Crocus was launched end of 2020 and only used during summer 2021.
