SPECIFICATIONS

Overview

“Baby Boss” is an iconic super yacht built by Admiral in 1992, hit the water in 2002 for the first time and she was completely refitted in 2021.

The exterior lines and interior design of the Motor Yacht “Baby Boss” were curated by the architect “Paolo Caliri”, one of the founding fathers of contemporary yacht design as well as one of the major expressions of classic made in Italy.

She faced a huge refitting that involved every single part of the boat, from systems to engines and interiors, involving the experience of master craftsmen in order to keep the original project and the timeless classic elegance of the yacht unchanged.
