# ХАРАКТЕРИСТИКИ

## Обзор

Moonbeam is an extremely clean, well kept, & recently upgraded vessel whose true beauty can only be appreciated in person. The overall interior and engine compartment of this boat have been kept in a shockingly great condition for her age and with over \$30,000 in recent upgrades, she is sure to impress her next owners. While being built in the famous Ta-Shing boat yard, this Norseman 400 combines a large and naturally lit interior that offers ample storage as well as having a wide beam and long waterline contributing to a smooth and comfortable ride. An electrical overhaul in 2020 was interrupted by COVID resulting in the owner to change his plans and move on from the boat. This is a rare opportunity for the next owner to personally complete the upgrade and own this high quality blue water vessel. With brand new updated instruments at the helm and inside, this boat truly is ready to be splashed in the water and sailed off for its next adventure.
