SPECIFICATIONS

Overview

The Princess 62 Fly embodies modern design philosophy and with high technology, allowing features on board normally reserved for much larger motor yachts. Her flybridge inspires relaxation with a large dining area, aft sundeck and a unique circular forward seating area that can be converted into an additional sundeck. Boasting a Seakeeper zero-speed stabilizer, an entertaining area on the foredeck and a hydraulic swim platform to name but a few of her features, The 62 Fly model is a great yacht to own due to her fully documented and long list of extras and upgrades. Her generous main deck saloon is the largest in this category and connects to the outside world through full-length side windows, while her sociable galley is positioned aft and opens onto the aft decks & cockpit. The helm position is located to starboard with additional forward facing guest seating opposite. Below deck, six guests are accommodated in three beautifully appointed cabins with en-suite bathrooms and ample natural light thanks to the elegant hull glazing.
