SPECIFICATIONS

Overview

Traveller is a beautiful 2006 Tiara 4300 Sovran equipped with twin diesel Volvo Penta IPS 500 drives. Her propulsion unit, gearbox, twin-prop technology, exhaust with seawater system, steering and controls - are all in one package backed by one company.

Compared to standard shaft drives, vibration and sound is reduced, and since the exhaust exits from the rear of the IPS units buried deep in the prop wash, fumes are carried away way behind the boat. Fresh air. And with the IPS Joystick control and the bow thruster, docking and maneuvering in tight quarters is stress free. Traveller is also in a transferable LLC. The Marina Del Rey slip may also be transferable.
