SPECIFICATIONS

Overview

177' New Build "Sagittarius" By Navigator Maritime sets new standards in mega yachts in class. Exterior design creating a muscular and sporty contemporary appearance with graceful curved and strict straight lines. Dynamic architecture emphasis on the elegant sheer line which connect the magnificent bow line and superstructure to an inviting entertainment spaces, offer numerous possibilities of enjoyment, from a generous 80sqm sundeck to 150sqm beach club.

By incorporating a raised pilothouse, Owner has personal full upper deck accommodation with beautiful panoramic views from his bedroom, overlooking on the forward to the course of the yacht. Doors in owner bedroom gives easy access to the open foredeck. The upper aft. Open deck combines with the sky lounge create an enormous combined indoor and outdoor entertainment area for owner and his guests on his personal deck.

The flowing stepped aft deck area harmonizes with interior and exterior living, creating easy access to the infinity edge pool and surrounding waters. Various customizable cabins options are available to suit different desires, and the lower deck offers a full spa option, with gym, Hammam, and sauna. Guests can enjoy a private relaxation area fit with Jacuzzi and bar on the yacht's spacious sun deck features a flexible layout for sunbathing which is connected to the other 3 decks via a glass elevator. Four deck levels provide generous outside space custom-designed to owners' requirements. Yacht layout has three accommodation decks, private owner deck, 5 spacious VIP guests' cabins with superior comfort, two main deck forward and three on lower deck, offering luxurious experiment for 12 guests, spending time in a beautiful atmosphere. Yacht layout provides sheer pleasure and enjoyment with interior design made to customer preference.

This yacht has the most living space of any superyacht under 500GT. It's not only a beautiful yacht, also it can be built with best propulsions technology gives a choice to choose appropriate mode for certain sailing mode allowing significantly reduce fuel consumption, polluting emission, reduce noise and vibration, reduce maintenance cost, increase range.
