SPECIFICATIONS

Overview

This avant-garde 49-metre superyacht is deliverable in just two years. With Dutch naval architecture by Vripack and elegant yet sporty exterior styling, she packs a punch in terms of performance, aesthetics and onboard features. The combination of aluminium and Sealium alloys for the construction ensures a light, robust and easy to maintain vessel. When paired with a Hull Vane for maximum stability and efficiency, she boasts a top speed of 16 / 21 knots and transatlantic range. Onboard features include six luxurious guest cabins, two fixed balconies in the master stateroom, whisper-quiet propulsion, a touch-and-go helipad, and several interior design options. She is the perfect yacht for cruising the Seven Seas in style.

The price reflects a limited proposal for hull #2 and #3. Hull #1 has been sold, and is now under construction with delivery in March 2025.
